

# SUPER TOER WAGEN CUP (STWC ENDURANCE)

## REGISTRATION REGULATIONS

Dear drivers,

Some things do not belong in a regulation, but are things that are important for you to know. We have included these in these STWC registration rules.

To participate in our class, you need to pay your registration fee in advance as well as submit the driver's form. If you drive multiple drivers on one car, each driver must complete one form (the form can be found below these regulations). A rider remains obliged at all times to pay his registration fee. By registering you subscribe to the registration, technical and sporting regulations of STWC. In addition, participants (= applicants, drivers, passengers, car owners and owners) participate in STWC events at their own risk. You are solely responsible under civil and criminal law for any damage caused by you or the vehicle you use.

With regard to competitions at an event:

- Inspectors and organization are never liable for the safety of the car. Then for a complete check on all points from the applied regulations. If, after verification or at a different time, non-detected items arise, they are never liable for them.
- It is strictly forbidden to distribute recordings of car accidents or accidents without the permission of the STWC or to put them online. Upon request, the camera or storage medium must be transferred to the STWC organization. We would like to receive available images for promotion of the class of drivers.

Organizational matters:

1. One mobile number of each participating team must be made known to the organization on which the team can be reached during the entire event.
2. Each team keeps records of pit stops, points, refueling, which participant drives the car and other reasons that a car is in the pit lane. This administration can be checked at any time by an official or can be requested via a collective WhatsApp call. A legible photo must then be sent back via WhatsApp within 10 minutes.
3. A penalty will be made known to the relevant participant, this will be done by default via a WhatsApp message to the relevant team. Contrary to the previous one, a form can be submitted in exceptional situations (eg no internet). A penalty is assumed to be known to the team from 5 minutes after sending the WhatsApp message or handing out the form.

The sticker scheme shown on the right must be present on all participating cars.
